PROFILE

Dedicated iOS Developer with 6 years of experience building high-performance, stable and visually compelling applications. Expert in **Swift** and **SwiftUI**, with a proven track record of leading projects as a solo developer and collaborating in international agile teams. Specialized in dealing with complex codebases, improving crash-free rates and working with robust architectures to deliver seamless user experiences.

Also, released two solo iOS apps in the App Store: Tibia More and Lux Flux.

PROFESSIONAL EXPERIENCE

DevGrid

London, UK - Remote

Senior iOS Developer

July 2022 – Present

- Served as the lead solo developer for a London-based energy monitoring firm, spearheading a comprehensive refactor of a major SwiftUI project and enhancing core features.
- Successfully increased the percentage of crash-free users (from 84% to 99%) and overall application stability through meticulous debugging and code optimization.
- Collaborated within an international agile team for a major Energy and Gas provider, migrating legacy components from **UIKit** to **SwiftUI** using the **MVVM** pattern.
- Streamlined development workflows by implementing **Bitrise** for CI/CD automation and managing modular dependencies via **Swift Package Manager (SPM)**.
- Ensured code quality and modern standards through the implementation of unit tests, new SwiftUI views, and dark mode support.
- Using AI technology (currently Cursor) to improve productivity, velocity, tests and documentation.

idwall

São Paulo, SP - Remote

iOS Developer

December 2021 – June 2022

- Refactored the application's UX to modernize the interface and improve the end-user journey.
- Strengthened project reliability by significantly increasing unit testing coverage and resolving critical production crashes identified via **Firebase Crashlytics**.
- Increased App Store rating from 3.7 to 4.5 stars with UI and stability improvements.
- Integrated advanced analytics and event tracking using **Firebase** and **Clevertap** to provide actionable data for product improvements.
- Utilized a diverse technical stack including **MVVM**, **Coordinators**, and a mix of **View Code (UIKit)** and Storyboards to maintain complex feature sets.

PremierSoft

Blumenau, SC

iOS Developer

February 2020 – November 2021

- Delivered high-impact features for multiple clients in a fast-paced software house environment, overseeing the entire lifecycle from development to **App Store** distribution.
- Contributed to a large-scale financial banking application, developing mission-critical features and maintaining code integrity for a high-volume user base.
- Identified and resolved complex bugs while optimizing existing codebases to ensure peak performance across various client projects.

EDUCATION

UNIVALI

Technologist degree in Internet System's

Itajaí, SC

February 2018 – December 2020

SKILLS

Skills: Swift, SwiftUI, Xcode, Git, Firebase, MVVM, REST, SPM, UIKit, ViewCode, Storyboards, Objective-C, Crashlytics, Bitrise, Jira, Appstoreconnect.

LANGUAGES

Languages: English (fluent), Portuguese (native).
